Historical Sketch

The CLC Story

As he surveyed the landscape of the Oneness Pentecostal movement in the 1940s, Rev. Clyde J. Haney became aware of the need to train laborers to work in God's harvest. This training would have the two-fold purpose of providing men and women a foundation of sound Apostolic doctrine and would also prepare them to answer their God-given callings as they endeavored to proclaim the gospel to a world in need. In 1949, in the basement of the First United Pentecostal Church of Stockton, CA, Rev. Haney opened the first of several short-term Bible institutes. The students in this initial class, affectionally known as the 49ers, included Clarence Riddlesberger, Jerry Renison, Jack Renison, Ollie Faye Renison, Elva Sanders, Dwight Gritts, and Ralph Santos.

On October 5, 1953, Rev. Clyde J. Haney officially founded Western Apostolic Bible College in order to expand his vision of providing Apostolic ministerial training. One year later, in the summer of 1954, Western Apostolic Bible College was officially recognized by the United Pentecostal Church International as a ministry training school and was endorsed by its Division of Education. Both the acceptance and endorsement were later ratified by the 1954 UPCI General Conference in Columbus, Ohio. On behalf of the entire movement, General Superintendent A.T. Morgan dedicated WABC to God's continual service.

Throughout its first decade of existence, the College experienced rapid numerical growth and adapted to meet the needs of the movement. The Cherokee Road campus housed a vibrant community of spiritually-minded students, many of whom began to impact the Oneness Pentecostal movement as they moved into ministry roles upon completing their studies at WABC. In 1964, the College enacted a major change which is still in effect today when it expanded its curriculum to begin offering a four-year Bachelor of Arts degree in Bible and Theology.

While there is much to be celebrated from these early years, on October 15, 1971, the college's story took a tragic turn. On this day, Founder and President Clyde Haney was killed in an automobile accident while on a hunting trip. The influence that this great man had on the operation and mission of the college cannot be overstated; the school was thrust into a time of deep loss and sorrow. Into this void of pain and confusion stepped Vice President Paul Price, who with wisdom and grace assumed leadership of the College until a permanent successor could be found.

After several months of consideration, Rev. Kenneth F. Haney left his position as International Pentecostal Conquerors President of the UPCI to become the Senior Pastor of Stockton's First United Pentecostal Church and the President of WABC. As the son of the late Clyde Haney, he continued the original mission of the College and infused it with a grand vision to bring Pentecostal revival to the entire world. Under his leadership, the College's global missions program was expanded as graduates were commissioned to labor in the harvest around the world.

Under Kenneth Haney's leadership, the church in Stockton experienced great revival and growth. As a result, more of his time was devoted to meeting the needs of the rapidly growing congregation. To help facilitate the expansion that was taking place in both the church and school, several men stepped forward to oversee the day-to-day operations of the College: Philip Dugas (1975), J.T. Pugh (1978-1979), and Dan Rigdon (1980-1981). These Presidents were highly qualified and influential leaders who worked closely with Kenneth Haney to keep the mission and vision of the College on track.

In 1980, the name of the College was changed to its current designation, Christian Life College. In 1983, the curriculum was again expanded to also include an Associate of Arts degree, which provided students a clear pathway for academic achievement on their way to earning their bachelor's degrees. Due to changes in the California code regulating higher education, in 1994 the College applied for state approval to operate as a degree-granting institution. After a rigorous screening process which included a self-study and several site visits, this approval was granted by California's Bureau for Private Postsecondary and Vocational Education (BPPE). At first, only two programs were recognized – Bible and Theology and Christian Music. In 2000, BPPE granted approval for CLC to offer a third degree program, Biblical Studies, which eventually grew into the present day General Ministry program.

In September of 2001, Kenneth Haney was elected as the General Superintendent of the UPCI, necessitating his stepping away from being the Senior Pastor of Christian Life Center and the President of Christian Life College. Following this decision, Nathaniel K. Haney was elected as the new Senior Pastor of the church while Daniel L. Segraves was chosen to lead the College as its next President.

In the summer of 2004, Nathaniel Haney was elected as Chairman of the Board of Directors and Chancellor of the College. Working together to move the college forward, Rev. Haney and Dr. Segraves instituted several steps to realign CLC's culture with the two-fold purpose established many years prior by Clyde Haney. As the grandson of the founder, Nathaniel Haney provided a direct link to the long-standing heritage of spiritual formation, holiness, and apostolic doctrine espoused since the College's inception. As the son of the longest serving President, he also reiterated the College's mission for worldwide evangelism and harvest. In May of 2007, feeling a call to advance Oneness Pentecostal theology through the ministry of writing, Daniel Segraves transitioned his ministry to the St. Louis area. As a result, Nathaniel Haney was tasked with filling both the offices of President of the College and Chairman of the Board. Under his leadership, the College continued on the path of spiritual renewal and also experienced a steady increase in enrollment.

In 2015, Christian Life College underwent several significant changes in its leadership structure and operations. This was due to the Board of Directors' unanimous decision to seek regional accreditation with the Western Association of Schools and Colleges Senior University Commission (WSCUC). In January of that year, Eli M. Lopez was chosen to lead the day-to-day operations as the President of the College while Nathaniel Haney maintained his position as Chairman of the Board. In December of the same year, after a review of the College's history and standing, CLC was granted Eligibility status with WSCUC.

Recent years have seen several significant developments take place at CLC. In 2016, the Business Administration program was launched, with the purpose of providing business training in the context of the Christian worldview. Additionally, the College continued to move forward in the process of

becoming accredited. Spearheaded by CLC's Accreditation Committee, a rigorous institutional report was crafted to demonstrate the CLC's readiness for inclusion in the higher education community. In November of 2017, WSCUC site team visited the campus to conduct an on-site analysis of the school's progress towards compliance with accreditation standards. Having received a positive review from the site team, CLC was granted Candidacy status in March of 2018. One year later, in March of 2019, a second site visit was conducted with another positive recommendation provided by the site team. On July 12 of the same year, WSCUC's Commissioners officially granted regional accreditation to CLC.

From its inception in 1949 until today, Christian Life College has endeavored to fulfill its two-fold purpose: the propagation of sound doctrine and the training of workers to gather in a great harvest of souls for God's kingdom. Throughout its storied history, CLC has established a legacy of producing world changers – men and women who have honorably served and led the church with excellence and anointing. Perhaps most exciting of all is the knowledge that the best days for this College are yet to come. To those who are seeking to find a high-quality education within the Oneness Pentecostal worldview, CLC stands ready to offer this instruction and training. To every prospective student, our staff, students, and alumni invite you to make our story your story.

Letter From the President

Welcome to Christian Life College.

You are doing more than enrolling in a school, you are joining a family. Back in 1949, Clyde Haney started Western Apostolic Bible College with the purpose of equipping men and women to answer their God-given callings. By reaffirming sound biblical doctrine, this school has helped take the Oneness Pentecostal movement to new heights globally. As a CLC student, you are now part of a great heritage of faith, joining with thousands of other past and present CLC students to reach the world for Jesus Christ.

It is a focus of this school to help every student have a genuine walk with God. Prayer and devotion are hallmarks of our ministry, and we want you to plug into what God is doing on our campus. As a God-centered school, we have established policies, guidelines and rules in place to facilitate an environment of spiritual health and unity. While we all have different personalities and come from different backgrounds, at CLC we learn to join together for a higher purpose.

The faculty and staff are here to assist you on your academic and spiritual journey. We hope your time here will be productive and enjoyable. Most of all, we pray that you will have a life-changing encounter with the Lord as you allow Him to accomplish His will in your life.

Again, welcome to the family.

Eli Lopez

Student Housing / Dormitories

The College has two identical dormitory buildings, one for men and one for women. Each contains 32 rooms, 28 of which will house three students; four of which will house two students. Each room features a private bath, air conditioning, heating, telephone service, and custom made furniture. Each dorm room has a full bath, telephone jack, and a heater/air conditioner combination with a maximum space for four students. Each student area has a twin size bed with four drawers and storage area under the bed, one mirror, and closet space. Students should bring bedding, linens, towels, irons, and personal items. Computers are provided in the library, though many students find it more convenient to have their own computer. Student Life

Automobiles and Licensure

Students 18 years of age or over may operate a vehicle in California with a valid out-of-state operator's license provided they do not take employment in the state. In the event that a student takes employment, he or she must obtain a California license as well as proof of insurability.

California state law requires motor vehicle insurance. Out-of-state minors (under 18) must request their insurance agent to file form SR-22 with the Department of Motor Vehicles (DMV) in Sacramento, California. The DMV will then send a letter to the student verifying that the form has been received. The student must take this letter to the Stockton office of the DMV for issuance of his or her license. A minor's out-of-state license is valid for ONLY 10 DAYS in California. An International driver's license is NOT valid in California.

Study Groups

The College encourages students to form study groups for each course. Some courses require group projects and/or study groups. However, mixed gender study groups may not meet in the dorms. The College library is designed to foster student interaction for learning purposes. Its hours of operation are intended to maximize student access. Study groups may also meet in the student center. Permission of the Campus Pastor is required for study groups meeting in the student center after its normal hours of operation. Mixed gender study groups meeting off campus must follow the normal College procedures for group outings.

Ministry Involvement

Students are expected to become involved in lay-leadership experiences while attending the College. Students from the surrounding area attending CLC should remain faithful to their local church. Students from outside of the local area will find a wide variety of ministry experiences available. Students work together with local ministry leaders to put their academics into real-world practice. Experience in cross-cultural evangelism and discipleship is available through numerous ministries and para-church ministries sponsored by Christian Life Center.

Socials

Activities are scheduled frequently during the semester, such as the annual get-acquainted picnic at the beginning of school and an outing to San Francisco, Yosemite National Park, and the Pacific Ocean beach.

Banquets

The student body and various teams under faculty supervision plan special social functions such as team socials, holiday banquets, and the End-of-year banquet. Banquets provide delicious food, wholesome fellowship, and inspiring messages from special guest speakers.

Ministerial Association

The Ministerial Association provides an opportunity for practical experience in the pulpit ministry. Association members may have the opportunity to minister at the Christian Life Center satellite churches as well as churches in the Western District and elsewhere.

Missions Association

The Missions Team is for those students who feel a calling to home or foreign missions work. Students are able to gain experience in home missions projects in the surrounding areas. They may also participate in a number of outreaches on foreign soil.

Music Team Association

The Music Team actively supports the Music Department with fund raising projects, provides the music for all College services, conducts off-campus concerts, and participates with the Ministerial Association and Missions Team in crusades and other special services.

Creative Arts Association

The Creative Arts Association provides experience in evangelism and discipleship through dramatic events. These range from humorous skits and mini-dramas to full-length dramatic presentations. The drama team often participates with the Ministerial Association and Missions Team in special outreaches. It also brings dramatic performances to churches in various parts of the United States.

Deaf Ministry Association

The Deaf Ministry Association provides a forum where students can develop their knowledge of American Sign Language and cultivate further appreciation for the need for interpreters and community engagement in both public and ministry contexts. The Deaf Ministry Association endeavors to help students bridge the cultural and linguistic gap between the deaf and hard of hearing community and the church. The mission of the Deaf Ministry Association will be achieved by seeking active involvement from participating students with local deaf and hard of hearing communities and ministry opportunities.

The College, especially on the basis of sex, race, color, national origin, ancestry, age, disability, or any other legally protected status prohibits harassment of any kind. Harassment may include any verbal, written, graphic or physical conduct that interferes with the person's work or academic performance, has the purpose or effect of interfering with the person's status or participation in a college course, program, or activity, is used as a basis for educational or employment decisions, or has the purpose or effect of creating an intimidating, hostile, or offensive working or learning environment.

For purposes of applying this policy, sexual harassment includes conduct that is of a sexual nature or related to a person's gender and may include persons of the same or opposite gender.

Harassment is often defined by the person(s) receiving it. Inappropriate conduct may be harassment even if the individual did not intend to harass. The type of conduct, not the intent, is what is important. While it is not possible to list all conduct or circumstances that can be considered prohibited harassment the following are some examples:

Any intentional and knowingly unwelcome, unsolicited, and offensive conduct that tends to injure, degrade, disgrace, or show hostility toward a person because of a legally protected status;
Implied or overt threats of physical violence, physical acts of aggression, threatening or intimidating conduct directed at another person because of any legally protected status;

Sexual misconduct (or sexual offense) is a broad term encompassing any sexual behavior that was committed without effective consent. It includes but is not limited to: sexual assault, sexual battery, sex discrimination, and stalking. Domestic, dating, or relationship violence is any physical, sexual, or psychologically abusive behaviors used by an individual against a partner or former partner in an intimate relationship.

During Orientation, new students are educated about sexual misconduct and relationship violence, including where to find the College's policies, bystander intervention, and how to report incidents.

Procedures to Follow in the Event of Sexual Misconduct or Relationship Violence Victims of sexual misconduct or relationship violence are encouraged to report the incident to any of the following: President; Campus Pastor; Dean of Students; Title IX Coordinator or Any member of the faculty or staff.

These individuals are required by law to report any knowledge of sexual misconduct, including sexual assault, to the College Title IX Coordinator. If an individual becomes the victim of sexual assault, it is important for victims to seek immediate medical attention for their own safety and to collect and preserve any evidence of a sexual crime. A victim has the option of reporting a sexual crime directly to the Stockton Police Department, or College personnel will assist the victim with this process upon request.

State Of California - Student Tuition Recovery Fund (STRF)

The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program.

It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 2535 Capitol Oaks Drive, Suite 400, Sacramento, CA 95833, (916) 431-6959 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

If a student obtains a loan to pay for an educational program, the student is responsible to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student has received federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal student financial aid program funds.

Financing Assistance

Financial assistance is available from several sources. Some students have been successful in obtaining financial aid from corporations, churches, and various government and charitable organizations. A few of the more common forms of financial aid are listed below. Part-time, on-campus employment is also available on a limited basis to assist some students.

All financial aid submitted to the College as payment will be applied as a tuition credit. The down payment will be reduced only if the total tuition credit exceeds the remaining balance. For assistance in applying for scholarships and discounts contact the College Financial Officer, William E. Riddell, at 209-476-7840 or riddell@clc.edu.

Academic Policies

Statement on Academic Freedom

Faculty and students, having experienced a new-birth according to Acts 2:38, are called to know, love and serve Jesus Christ. Christian Life College is a place to encounter this living God while developing educational goals within the context of spiritual discipline and biblical knowledge. This relationship elicits a desire to grow in the knowledge and understanding of Christ and his teaching. In this way those who meet him are drawn by the power of the Holy Spirit to understand the Gospel and to lead a new life characterized by that relationship. For those who seek and embrace this truth, Christian Life College offers an institution of genuine academic freedom.

As such, Christian Life College embraces the traditional freedoms of scholarship, inquiry, and dialog, together with the responsibilities implicit in its mission. The following statements articulate the College's principles of individual and institutional academic freedom. They are strongly informed by the doctrines of the Articles of Faith of the United Pentecostal Church.

Individual and Institutional Academic Freedom

Christian Life College balances and distinguishes between individual and institutional academic freedom - both are necessary to maintain our unique intellectual climate.

Individual Academic Freedom

At Christian Life College, academic freedom celebrates the value of free inquiry and the freedom of conscience of each person is fully respected. Apostolic tradition affirms the great value of individual and social inquiry as suggested in the Acts 17:11: "These were more noble than those in Thessalonica, in that they received the word with all readiness of mind, and searched the scriptures daily, whether those things were so." In light of this, we are called to search for truth and greater understanding wherever evidence leads. However, it is also the case that any appeal to the principle of academic freedom in order to justify positions that contradict the principles embraced by this college and written into its Mission and values or its By-laws would constitute an obstruction and even betrayal of the College's identity and mission.

Institutional Academic Freedom

Christian Life College defines itself as a Oneness Apostolic College and maintains its identity by the appropriate exercise of its institutional academic freedom, expressing the privilege universities have to pursue their distinctive missions. This time-honored concept of academic freedom guarantees institutional autonomy.

The College is established with under the spiritual leadership and prayers and financial support of Stockton Christian Life Center (“Church”), and by the approval of the Division of Education of the United Pentecostal Church (“DOE”). Nevertheless, as an institution, the College is owned and operated by an independent Board of Directors.

As such, Christian Life College provides a college education within an atmosphere that is consistent with the ideals and spiritual principles of the Church and the Articles of Faith of the United Pentecostal Church International. Faculty must live lives reflecting faithfulness to the Word of God and sign a statement reflecting that fidelity. Approved Faculty from other churches or denominations must agree to respect the nature of the College and its mission, while the College in turn respects their religious convictions.

Christian Life College, as an Apostolic institution, informs and carries out its teaching, and all other activities within the context of Apostolic ideals, principles and attitudes. This differs clearly and deliberately from a public College that is legally bound to the separation of church and state. It is not expected that the faculty will agree on every detailed point of doctrine, much less on the issues in the academic disciplines that commonly divide faculties everywhere. It is expected, however, that differences will be engaged in a spirit of Christian unity and love so that questions will be raised in ways that seek to strengthen rather than undermine faith.

Abuses of Institutional Freedom

Institutional academic freedom is critical for the College with its apostolic mission. Academic freedom must include an individual's freedom to ask tough questions as well as the institution's freedom to claim a religious identity. There is no way to completely eliminate the friction between individual and institutional academic freedom, without suppressing the claims of one freedom or the other. Thus, the College establishes principles and procedures to reduce conflict and that help the Board of Directors, faculty, and administration navigate through differences as they arise.

Limitations on Individual and Institutional Academic Freedom

Individual and institutional academic freedom are subject to reasonable limitations based on careful consideration of what lies at the core of the mission of the College. In general, a limitation is reasonable when the faculty behavior obstructs or betrays the College's identity and mission. A faculty member is considered innocent of the academic freedom violation until it be can fairly established that he or she is aware that the expression violates the standard. Examples would include articulating positions with students or in public that:

1. Dispute or oppose fundamental College doctrinal position, its mission, vision, values, or purpose.
2. Intentionally attack or mock the College, Church or leadership; or
3. Breach Christian Life College's employment requirements or standards as outlined in the Employee Handbook.

These principles shall be interpreted and applied with humility and love through established College procedures. The ultimate responsibility to determine harm to the College or its mission, however, remains vested in the College's governing bodies - including the College CEO/President, the Faculty Senate and, finally, the Board of Directors.

Faculty members who feel that their academic freedom has been abridged or have a grievance against the handling of any issues related to their academic freedom may file a grievance as outlined under Faculty Grievance Procedures (See Faculty Handbook).

Individual Academic Freedom

Individual academic freedom is almost always unrestrained and institutional intervention is rare. Individual faculty freedom is essentially unrestrained except for matters that obstruct or betray the College's identity and mission and values. Faculty members approach their commitment to the College with a sense of fidelity to that mission. Institutional intervention is rare and limited to cases the College's trustees or administration determines a compelling threat to Christian Life College's identity or mission. The faculty, administration, and the board should work together in a spirit of Christian love, trust, and charity. The faculty has an obligation of dealing with sensitive issues sensitively. Christian Life College expects Apostolic Christian faculty to be faithful to doctrine, and to be respectful of the College's mission.

Christian Life College is a Oneness Pentecostal college. Its mission is to provide students an opportunity to encounter Jesus Christ and to grow in a deep personal relationship with Him. The college encourages study and inquiry and academic excellence. For those who embrace the truth Christ reveals, Christian Life College offers a genuine academic freedom.

CLC Online

While maintaining various on-campus programs in Stockton, California, the College has developed a plan to educate individuals who will not have an opportunity to study on the campus. Student may choose to study a limited number of courses online. CLC Online follows the same policies and procedures applying to all students (on or off-campus) as stated in this catalog.

Christian Life College is committed to the preparation of students for apostolic ministry. Realizing that many cannot live on-campus in Stockton, CA because of family and professional commitments, the College offers a limited number of its courses for those students who can only attend class via the online classroom. On-line courses include the same content, textbooks, supplementary material, and assignments as the on-campus course of the same name, and are authored by Christian Life College faculty members.

The intent is to reproduce the on-campus classroom atmosphere as closely as possible.

Delivery modalities of on-line courses may include audio or video recordings of actual classroom lectures, discussions, other student-teacher interaction, and materials developed by the instructor exclusively for CLC Online. Courses are delivered to the student through the Online Classroom (Canvas), which provides students the opportunity to interact with other CLC Online students through secure chat rooms and discussion boards.

Students in CLC Online Campus (Distance Learning) not offered in real time shall have all materials for the first session mailed within seven days after institution accepts the student for admission. Full refunds may be given upon written notice of cancellation prior to the receipt of all materials. No refunds will be issued after receipt of all materials. If cancellation notice is received within the cancellation time, a full refund will be issued within 45 days. The institution shall transmit all lessons and materials to the student if (A) the student has fully paid for the educational program; (B) after having received the first lesson and initial materials, request in writing that all the material be sent.

If an institution transmits the balance of the material as the student requests, the institution shall remain obligated to provide the other educational services it agreed to provide, such as responses to student inquiries, student and faculty interaction, and evaluation and comment on lessons submitted by the student but shall not be obligated to pay any refund after all of the lessons and materials have been transmitted. No longer than 14 days will lapse from the time the instructor receives the students coursework (lessons, essays, quizzes etc.) and the return of the evaluation.

Course Offerings

Christian Life College seeks to continually make improvements in its curriculum and academic requirements. In addition, the College may make changes from time to time in order to meet standards for improvement, authorization, and endorsement. Therefore, changes to this catalog may be made without notice. Courses listed here shall be offered as designated except in cases where there are insufficient numbers of students or in the case a qualified faculty member is not available. The College reserves the right to offer new courses in addition to those listed in this catalog

Unit of Credit

All courses must meet a minimum of 15 instructional hours for each semester unit of credit granted. An instructional hour is defined as 50 minutes of classroom instruction, guided practice, discussion, or other activity supervised and facilitated by an instructor as part of the normal teaching-learning process. A three- credit course will usually meet for three 50-minute periods each week for 15 weeks.

One credit hour of college work is defined as “approximately three hours of recitation study or laboratory work per week” throughout a semester. This means one hour of lecture is equal to two hours of outside class study or three hours of laboratory with no outside work. Faculty members’ assignments should be geared to this definition in such a way that students with average college ability, putting in this amount of effort, might earn an average grade (“C”). For a course that is 3 credit-hours, students should expect to spend between 6 and 9 hours per week outside of class studying the materials and performing assignments.

Student Classification

The criterion of determining a student’s class status is based on the number of units successfully completed as follows:

Freshman	0-29 semester units
Sophomore	30-59 semester units
Junior	60-89 semester units
Senior	90 and above semester units

Grading Scale

The College uses the following scale in assigning semester grades:

Letter Grade	Grade Percentages
A	100% - 92%
A-	91.99% - 90%
B+	89.99% - 88%
B	87.99% - 82%
B-	81.99%-80%
C+	79.99% - 78%
C	77.99% - 72%
C-	71.99% - 70%
D+	69.99% - 68%
D	67.99% - 62%
D-	61.99% - 60%
F	59.99% and below

Letter Grade	Grade Point
A	4.0
A-	3.7
B+	3.3
B	3.0
B-	2.7
C+	2.3
C	2.0
C-	1.7
D+	1.3
D	1.0
D-	0.7
F	0.0
P	N.A (Transfer of P/F)
I	N.A. Incomplete
R	N.A. (Retaken)

The student's grade point average (GPA) is the ratio of grade points earned to the number of hours attempted.

The grade "P" is used in Pass-Fail courses where the nature of the course does not lend itself to establishing a letter grade. Passing units apply toward graduation but do not affect the grade point average. The grade "W" (Withdrawal) is used for courses for which the student withdrew before the published Last Day to Withdraw. No credit is granted for the course and the grade is not considered in determining the grade point average.

A contest of grade must be made in writing, using the form provided, within two weeks after the last day of semester finals. If course work is incomplete at the end of the semester due to factors beyond the control of the student, such as extreme sickness or the funeral of a close relative, an instructor may report the grade as incomplete. An "I" (incomplete) may remain on the transcript for 24 weeks. This

grade is temporary and may be changed upon completion of the course requirements. Students who are reported as incomplete by their instructors must complete course requirements 24 weeks after the last day of semester finals. If coursework has not been completed.

Academic Honors

Exceptional scholarship is recognized upon graduation according to the following scale.

Highest Honors (Summa Cum Laude)	3.70-4.00
High Honors (Magna Cum Laude)	3.50-3.69
Honors (Cum Laude)	3.30-3.49

Rules of Conduct

It is expected that all students will be loyal to the school. Classroom disorder of any kind will not be tolerated. Students must show diligence in their studies, and all students are expected to take notes on classroom subjects. Under no circumstances are students to argue or be disrespectful with the teaching faculty concerning tests or grades. Students are invited to discuss or counsel with the teacher concerning problems or grades in a respectful way. On doctrinal teaching, all discussions are to take place intelligently and spiritually with proper adult learning decorum, which includes considerable respect for the instructor.

Use of Electronic Devices

The College prohibits the use by students of cell phones in class sessions. As a member of the CLC academic community, each student has a responsibility to professors and fellow students who are members of the College community. When cell phones ring and students respond in class or leave class to respond, it disrupts the class. All such devices must be turned off and cannot be used during class.

Laptop computers, handheld or wireless, and similar electronic devices may be used for taking notes in class, subject to professor's approval. If these devices are used by the student while in class, the device must always be kept in a silent mode during class sessions and they may be used for academic use applicable to that course only. Accessing the Internet, texting and other similar activities during class is prohibited. All special circumstances or exceptions must be cleared through the Vice President of Academics.

Electronic devices are never allowed to be used during exams. Use of an electronic device during an exam, may lead to a charge of "cheating" or academic dishonesty, which may result in being expelled from the class.

Plagiarism/Cheating

Reporting student academic dishonesty is critical to preserving and advancing Christian integrity. As an academic community CLC must have guidelines in place to hold those who violate these standards accountable and to sharpen the thinking of those who believe that

ethical compromise is inconsequential or irrelevant. Furthermore, reporting is an effective way for professors to identify repeat offenders. Without reporting, a student could plagiarize and cheat without anyone being aware of the consistent pattern of misconduct that marks this student as dishonest and therefore ineligible for Christian service.

A student who submits material as his/her own work which has been copied in whole or in part from another person's work without proper acknowledgment. Material, whether published or unpublished, copied from another author not identified by the use of quotation marks and documentation with specific citation of the source.

A student who uses another author's work as a guide for research or as an outline for a paper without giving proper acknowledgement to the author. Paraphrased material must likewise be attributed to the original author. Copying another student's work, with or without his/her permission, or using his/her ideas with only minimal reworking is plagiarism, just as is copying material from printed books and magazines without giving credit to the original source.

Christian Life College defines cheating as follows:

- Using unauthorized notes or other material when taking an exam.
- Copying another person's work and submitting it as his/her own.
- Having another person do his/her work and submitting it as his/her own.
- Submitting a paper for more than one course without the knowledge and consent of the instructor.
- Copying answers to exam questions.
- Unauthorized securing of exam questions from any source.

Aiding another person in securing unauthorized copies of exam questions.

Plagiarism Reporting Procedures

First Offense – The professor will confront the student with the information and evidence that has formed the basis of the perceived infraction. The student should be given an opportunity to respond. Taking the student's response into account, the professor will indicate to the student what action will be taken according to the college policy and what procedures will be carried out for reporting the matter to the Academic Dean's office. The professor will have the student sign the academic misconduct incident report and give the student a copy of the report. For the first offense, the student will receive a grade of "zero" for the assignment. The professor should then communicate to the student that another incident of plagiarism will result in the grade of "F" for the course.

Second Offense - To report a second offense, the professor should follow the same steps as for the first offense. However, if there is a second offense, the professor will be responsible to submit a copy of the academic misconduct incident report to the Academic Dean's office, which will be placed in the student's file. If this is the second offense, the student will fail the course.

Third Offense - the same steps as for the second offense should be followed. The student is placed on disciplinary probation and may be subject to dismissal from college.

Auditing Courses

The College permits students to audit any course with approval of instructor for personal enrichment. Auditing students receive all course materials, but do not complete assignments or tests. Auditors do not receive college credit for work accomplished and are required to pay enrollment fees for the course. There is no discount in price for auditing. If the auditing students later desire to earn credit for the course, they must register for the course, take the required examinations, complete all assignments, and fulfill all course requirements.

Credit by Examination

Under special circumstances and with the concurrence of the Department and Vice President of Academics, students regularly enrolled and in good standing who believe they are qualified by experience or previous training may take a special examination to establish credit in a course in which they are not formally enrolled. A student who wishes to challenge a course by examination must have successfully completed a minimum of 12 units at the College with a grade of “C” or better.

Successful completion of a course by examination is recorded on the permanent record as a “P” grade. The “P” grade does not enter into the computation of the student’s grade point average.

A maximum of 15 units of credit may be allowed by special examination. The units granted by Credit by Examination may not be used to establish full-time or part-time status or to satisfy the 12 units residence requirement for graduation. Credit by Examination units cannot be used to establish eligibility for financial aid, social security, etc. Students will be assessed the regular enrollment fee per credit hour for all challenged courses.

Procedures:

1. Prior to the fifth week of instruction, visit the instructional areas division office to determine if an instructor is available to conduct the exam.
2. Obtain a Credit by Exam approval and Verification Eligibility from the Academic Department.
3. At this point, arrangement must be made between the instructor, program chair and Academic Department. The instructor will schedule a time and location to take the exam.

Once the exam has been completed, the instructor will submit the percentage and letter grade of the assignment to the Registrar’s Office. If student’s grade results in a passing grade, they will be given a “P” for passing the course on their transcript.

The units granted by Credit by Examination may not be used to establish full-time or part-time status or to satisfy the 12 units residence requirement for graduation. Credit by Examination units cannot be used to establish eligibility for financial aid, social security, etc. Students will be assessed the regular enrollment fee per credit hour for all challenged courses.

Articulation / Transfer Agreements

The College has not entered into articulation or transfer agreements with other colleges or universities. Students may petition the College to accept credits earned at other institutions, by submitting official transcripts from other colleges to the Admissions Office and Academic Department for evaluation. The maximum number of credits which may be transferred to the College for any degree program is 30 units for an Associate's degree and 60 units for a Bachelor's degree. To be granted an Associate's degree, transfer students must be in residence at the College for a minimum of 30 units of credits. To be granted a Bachelor's degree, transfer students must be in residence at the College for a minimum of 60 units of credits.

Transfer students who do not meet the in-residence requirements may petition the Transfer Credit Committee for possible additional credit transfer.

"NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION"

"The transferability of credits earned at Christian Life College is at the discretion of an institution to which you may seek to transfer. Acceptance of degrees earned in any Christian Life College degree program is also at the discretion of the institution to which you may seek to transfer. If Christian Life College credits or degrees are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason you should make certain that attendance at Christian Life College will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Christian Life College to determine if your credits or degree will transfer."

For high school graduates, baccalaureate level courses taken at a regionally accredited college or university, and in which the student earned a grade of "C" or better (or "P" if the courses were offered a Pass/ Fail basis), are eligible for transfer toward a Christian Life College degree. College courses taken by high school students must meet the following accreditation criteria in order to be transferable to a Christian Life College degree:

The college or university issuing the transcript must be an institution of higher education accredited by a regional accrediting body, national accrediting body, or professional accrediting body recognized by the U.S. Department of Education and the Council for Higher Education Accreditation.

Courses taken at an unaccredited institution will be considered on a case-by-case, course by course basis.

Applicants may be asked to provide course syllabi or other evidence needed to make those judgments. If experience shows that CLC can have confidence in a given unaccredited institution, then the Registrar's Office may place it on a list of "approved colleges," which will facilitate the transfer process. Christian Life College reserves the right to withhold recognition of credits awarded by any college or university that does not, in the opinion of the administration, meet sufficient academic standards.

Concurrent Enrollment

Because of the very heavy academic load expected by Christian Life College on its students, CLC strongly discourages its students from concurrently enrolling in courses at other colleges while enrolled at CLC. Students who desire to enroll in courses at another institution are advised to discuss these cases individually with their advisor and/or Vice President of Academics.

Academic Probation and Dismissal Policies

The mission of Christian Life College is to encourage and educate students to attain their academic goals and move on to ministry careers. In the pursuit of that mission we are also responsible to hold firm to the standards of rigor and excellence in the academic expectations of our students. When students fail to achieve minimum standards it is our responsibility to set in motion policies and procedures that encourage and support student success. The following Probation and Dismissal Process is designed for student success.

The College has firm minimum academic standards, and if a student fails to achieve these standards, the College has intervention policies and procedures that encourage and support student's success. If a student does not attain the minimum standards after intervention, the student may be dismissed from the College.

A student that fails to achieve a 2.0 or better GPA that results in a cumulative GPA of less than 2.0 are placed on academic probation. These students are required to:

- Meet with the Vice President of Academics to prepare a plan that will guide the student to get on track academically.
- utilize the resources available on campus to help them improve their academic performance and attain academic success
- Limit enrolled units until they student achieves a 2.0 GPA or better.

Students on academic probation, or who do not achieve an overall 2.0 GPA will not be allowed to graduate.

Course Repetition

Generally, each course may be taken only once. Except for the following specific conditions, repetition of courses will not be allowed. A student may repeat a course twice in which a substandard grade was received. A substandard grade is defined as "D," "F," or "NP." The grade and credits earned in the final enrollment shall be used exclusively in determining the grade points earned for that particular course. Where the college finds, upon student petition, that a student received a satisfactory grade and there is a significant laps of time since the grade was obtained, the college may permit a student to repeat a course if the college finds that another institution of higher

education to which the student seeks to transfer has established a recency requirement, or the course at the college has an established recency prerequisite. Grades awarded for courses repeated under these circumstances shall not be counted in calculating the student's grade point average.

Transcripts

Official transcripts from Christian Life College may be obtained by calling the College front office at (209)476-7840 and paying, emailing the Registrar's Office and paying the Transcript Fee. Requests for official transcripts can be initiated at the College Office.

Retention of Student Records

The College maintains student records indefinitely.

Learning Resources

The Learning Resource Center (LRC) is an extension of the Christian Life College experience, and exists to serve the academic needs of our student body. Located in the Hogue Library, the LRC provides a space where students can gather resources, sign up for academic tutoring, and have a quiet place to study. The LRC consists of four main areas: Reading and Writing Center, tutoring services, library resources, and computer lab.

The Writing Center is a campus resource for Christian Life College Students. Its primary purpose is to provide academic help in writing. Students are encouraged to bring course writing assignments to the Writing Center for tutoring. The consultants will help the students with clarity on assignments, how to outline particular essays, structure of paragraphs and much more. The center is available for students throughout all stages of the writing process from pre-writing to proofreading. Students will receive applicable feedback during review for construction and correction.

Attendance Policy

Students may be dropped by the instructor from a course if, for any reason, they are absent from class sessions which total more than 20% of the class hours for the semester. For example, in a two-credit class, within a 15-instructional week semester, a student may miss a total of 6 hours, but would be dropped upon missing a 7th hour. Students are responsible to be aware of their own attendance record.

Three occurrences of tardiness equal one absence. A student is considered absent if the student is not in the classroom 15 minutes after the official class start time or leave the classroom 15 minutes prior to the official end time.

There will be no excused absences given to students for missing a class hour except for school sanctioned events.

There will be no academic penalties for school sanctioned events. Practices and preparation for school sanctioned events are not included in excused absences. For further information on a list of school sanctioned events, or sanctioning an event, refer to the current Student Handbook.

Excessive Absenteeism

Students dropped from a course for excessive absences will receive an “F” on their transcripts for that course. This grade will be used in computing probation or disqualification. A history of excessive absenteeism is recorded as a part of the student’s permanent file, and may be reported to corporations, churches, or district boards seeking a reference for that student from the College. Students who fall below full-time enrollment as a result of being dropped for excessive absences may be suspended or expelled from the College.

Directed Study

Students may petition the Academic Committee to complete a course by Directed Study. If the Academic Committee grants approval of the Directed Study Petition, the requirements for the Directed Study are at the discretion of the faculty member but must be at least equivalent to that required of in-class students. A Directed Study course must be completed by the start of Final Exams of the semester in which it was granted. Faculty members are not required to offer Directed Study.

In general, Christian Life College does not grant Directed Study Request except in extenuating circumstances.

No more than 2 Directed Study Requests will be permitted per academic year per student. Minimum cumulative GPA required for approval of any Directed Study request is 2.0.

Directed Study Requests will not be granted after the 12th week of instruction

Independent Study

Independent Study is a special study program between the instructor and the student and must be approved in advance by the Academic Committee. Generally, these are rare instances. An independent study permits students, who are deemed responsible and able, to engage in advanced and concentrated study within their major as an elective credit up to a maximum of three credits/units. The student must submit a petition for the proposed Independent study; it must be signed by the assigned faculty member who will supervise it; and the petition must be approved by the academic committee. No additional tuition fees are required by the student and faculty are not additionally compensated for their oversight.

Reinstatement to a Course

To make up for absences caused by extenuating circumstances, students may petition for Reinstatement to a course by completing a Directed Study Request and submitting it for review to the Academic Committee. The instructor may reinstate a student dropped from a course provided the instructor believes the student can successfully complete the course in the current semester. The course instructor shall determine the granting and conditions of the Directed Study.

Excused Absences

A student wishing to apply for an Excused Absence must obtain a note from the Campus Pastor or Dean of Students in verification of the situation necessitating the absence. The instructor may or may not grant an Excused Absence. Excused Absences **ARE** counted toward dismissal but are not considered in assigning grades. Students who obtain an Excused Absence for a day

when a course meets more than one period will be counted absent from only one class period of that course on the day the excused absence occurred. Examples of Excused Absences include sickness and work training.

Administrative Absences

Administrative Absences may be granted for students who miss class sessions while participating in official College activities or assisting in pre-approved College business. Administrative Absences do not count toward dismissal or assignment of grades. Administrative absences are granted at the discretion of the Executive Committee of Christian Life College.

Chapel Sessions

Attendance is mandatory for on-campus students at all chapel sessions and other meetings of spiritual instruction include weekly church services and a variety of small group meetings. Chapel sessions are conducted two times per week, Wednesday Morning Praise and Friday Real Time. Student Grievances

Students are protected against any unreasonable, unlawful, false, malicious, and inappropriate behavior by faculty, staff, or any official of the College.

Formal grievances must be filed as soon as possible following the alleged violation, or from the time that the student learns of the basis of the grievance. Students should meet with the Dean of Students regarding the complaint/grievance prior to starting the process. Student grievances commonly fall into one of three categories: Academic, Non-Academic, and Discriminatory.

Academic Grievances:

When the student believes that a grade for any course is in error, he/she should contact the Academic Dean.

Non-Academic Grievances:

Non-academic grievances may also be pursued according to procedure. Such grievances

- Any act or threat of intimidation or harassment.
- Any act or threat of physical aggression.
- Arbitrary action, violation of student rights, or imposition of sanctions without proper regard to College policy.

Alleging Discrimination:

Students wishing to file complaints alleging discrimination on the basis of race, religion, age, gender, color, physical disability, mental disability or any other category of unlawful discrimination should contact the President.

Grievance Procedure –Level I (Informal)

Any student who believes an injustice has occurred against him/her should try to resolve the problem through an informal conversation with the Instructor, staff member, or college official involved before filing a formal grievance.

If the student finds no resolution after these informal meetings, or if the accused refuses to meet or respond within 14-days, the student may proceed by meeting again with the Dean of Students. If the Dean of Students is unable to assist the student in resolving the issue satisfactorily, the student may take the grievance to the next level.

(Note: if the grievance involves the Dean of Students, the student shall follow the subsequent procedures with the help of the President.)

In cases involving sex discrimination (including sexual harassment), students may withdraw from the informal grievance process at any point and proceed to Level II (Formal). In cases involving sexual assault, domestic or relationship violence, or stalking, the informal grievance process is not appropriate and the complaint will proceed directly to Level II (Formal).

Grievance Procedure –Level II (Formal)

After meeting with the Dean of Students and still finding no resolution to the issue, the student shall complete a “Statement of Grievance,” containing their name, the name of the accused, a brief summary of the complaint (including all significant dates, locations and circumstances related to the incidents in question), and documentation of the failed attempts to resolve the issue informally. Copies of any additional evidence may be attached to the statement. The “Statement of Grievance” must be submitted within 14 days of the meeting with the Dean of Students to the College President. Once filed, the College will take the following actions:

1. The Dean of Students shall inform the aggrieved student of the procedures, and of their associated rights and responsibilities.
2. The accused faculty/staff member shall receive a copy of the “Statement of Grievance” from the Dean of Student’s Office within 14 days.
3. The accused will have 14 days to respond in writing. The accused has the right to ask other any other member of the College community to serve as an advisor.
4. Both the aggrieved student and the accused may solicit documentation from other persons to support their positions.
5. Once the Dean of Students receives the response of the accused, he shall forward all documents to the President, who appoints a Grievance Review Committee and Chair.
6. This Grievance Review Committee will make one of the following determinations within 2 days:

- a. The complaint of the student is not grievable.
 - b. There is insufficient evidence to warrant further action.
 - c. to formal action, Level III.
7. The Grievance Review Committee shall make a written report of its determination, which shall be sent to the aggrieved student, the accused, and the President of the college within 2 days.
 8. Naturally, the accused will not be assigned to either of the two Grievance Committees.
 9. The Grievance Review Committee shall make a written report of its determination, which shall be sent to the aggrieved student, the accused, and the President of the college within 2 days.

Naturally, the accused will not be assigned to either of the two Grievance Committees.

Grievance Procedure –Level III (Grievance Hearing)

If the Grievance Review Committee determines that further action is warranted, the following actions shall be taken:

1. The President will appoint the Grievance Hearing Committee, which must commence deliberations within 5 days of the report from the Grievance Review Committee.
2. The President shall send confidential packets to the members of the Grievance Hearing Committee prior to the hearing.
3. The Grievance Hearing Committee will normally be comprised of the following, at the discretion of the President: (The President will appoint the Chair to this committee)
 - a. Dean of Students
 - b. Vice President of Academics
 - c. A member of the Student Life Committee

6. Once the hearing is convened, the Chair will state the purpose, process, and guidelines.

7. The grievant will then be allowed to make a statement specific to the grievance and the requested outcome.
8. Next, the defendant is allowed to make a statement specific to the grievance, requested outcome, and any statements/evidence presented by the student.
9. Both the grievant and the defendant have the right to present witnesses, testimony, and evidence, but only as related to the charges previously presented to the Grievance Hearing Committee. No new charges shall be admitted for consideration.
10. The members of the Grievance Hearing Committee may then ask questions specific to the case. Discussion, clarification, and additional comments are allowed.
11. When the Chair determines that the committee has all the necessary testimony and information it needs, he/she calls for a recess as the members deliberate and come to a decision. The grievant and the defendant may be excused.
12. In cases involving sexual discrimination, including sexual assault, domestic or relationship violence, or stalking, the victim need not be physically present. The victim may choose to participate in the hearing through the means of technology from an off-site location or at the hearing location separated from the accused by a barrier. The victim's refusal to be present or participate in the hearing will not prevent the hearing from proceeding as long as there is other evidence of the sexual misconduct.
13. The Grievance Hearing Committee will assess whether to reject or support the grievance using a preponderance of the evidence standard. The Grievance Hearing Committee will deliver one of the following decisions within 2 days:
 - a. To reject the grievance and deny the requested outcome.
 - b. To support the grievance and approve the requested outcome.
 - c. To support the grievance and approve a revised outcome.

The College President will present his/her decision to both parties concurrently and in writing.

Appeal Process –Level II (Board of Directors)

If either party is dissatisfied with the decision of the College President, an appeal may be submitted to the Board of Directors through the College President. Such an appeal must be

submitted to the College President by certified mail within 14 days of notification of the decision regarding the first appeal. The Board of Directors shall have two consecutive Board business meetings to review the appeal before making a final decision. The Board of Directors may not overturn the College President's decision without reviewing a transcript of the hearing. The Board will present its decision to the original grievant, defendant, and the College President concurrently and in writing.

The decision of the Board of Directors completes the Grievance Process. Any further appeal must be filed through civil court. A record of the Board's decision shall be kept on file in the College President's office.

Time Limits: Any times specified in these procedures may be shortened or lengthened if there is mutual agreement by all parties.

Degree Programs

In alignment with the mission, each degree offered is clearly defined in terms of entry-level requirements and levels of student achievement necessary for graduation. CLC's curriculum is designed to equip learners with tools to lead and serve in the community upon graduation. The degree programs at CLC are designed to have sufficient depth and breadth to prepare students for their lasting service to the kingdom of God.

The awarding of a bachelor degree requires the completion of 120 semester credits. These 120 semester credits consist of typically 60 credits in the degree and emphasis, 50 credits in General Education and College Core, and 10 open electives. Students complete a minimum of 30 credits in the following disciplines: Communications, English, Mathematics, Humanities, Social Science, Natural Science, and Life Long Learning.

Christian Life College does not award credit for prior experiential learning.

Students fulfill the lower division requirements for the Bachelor of Arts degree by earning an Associate of Arts degree in the same discipline. These degrees are nested in three areas of study: Bible and Theology, General Ministry, and Business Administration.

Students will not be allowed to enroll in the capstone courses until achievement of all required undergraduate coursework is completed. In general, registration in any 400-level course will require all undergraduate courses to be satisfied prior to enrollment.

Each program consists of a specific path for achieving timely degree completion, which CLC conceptualizes as two years for the Associate of Arts degree and four years for a Bachelor of Arts degree. As the student advances through the program, prerequisite courses are completed which build toward a mastery of the learning outcomes. In this way, students are becoming more developed in the desired outcome rather than simply collecting units.

The Associate and Bachelor of Arts degree programs determine the educational structure of the college. Each program is structured with basic educational requirements that satisfy the core competencies. Upon the selection of a major, the student will be required to complete the courses listed as required for that major.

Graduates from the AA and BA programs are expected to demonstrate competency in the same program learning outcomes, in their respective discipline. Competency should be achieved at a level of proficiency appropriate for the Associate's and Bachelor's degree. In general proficiency is measure at the three levels: Introductory, Developmental, and Mastery.

Students are responsible for verifying all information they obtained from an Advisor by consulting this Catalog and other pertinent written policies of the college. Individual student semester registration forms must be approved and signed by the student's Academic Advisor each semester at the time of registration.

Electives may be taken from any area of the college. If students register for courses for which there are prerequisites, those prerequisites must be fulfilled before registration. Many electives and some required junior-senior courses are offered in only in alternating years.

The fear of the Lord is the beginning of knowledge and wisdom (Proverbs 1:7; 9:10). True understanding is “the knowledge of the holy” (Proverbs 9:10). We believe all individuals must have a correct understanding of the Scriptures in order to integrate knowledge in any discipline. The College provides an opportunity for the student to gain a broad understanding of the Word of God and Christian leadership.

The Christian Life College General education program provides learning experiences to enhance and complement the academic majors and provides the student with an integrated Christian worldview. Studies in general education offers an understanding and awareness of broad areas of language, history, philosophy, communication, science, and human development, an essential aspect in shaping godly attitudes and behavior in our contemporary world.

In each degree program, specific General Education and Theological courses must be successfully completed for graduation.
