## JAIME GALAVIZ

**Christian Life College...is a place where God breaks you and shapes you for His Kingdom.**

### **What made you choose Christian Life College?**

I came to Christian Life College during my junior year of high school (2015) to attend Xperience. I was living in Fresno, CA. While at the Thursday night student body prayer meeting, I received the Holy Ghost! How did I

know I received it? Well, I spoke in tongues, duh! I had felt God on several occasions prior to that moment, although when that happened, I knew God was opening a door for so much more; I just had no clue. I returned to Xperience while in my senior year of high school and Christian Life College felt like home. I knew that was God's way of telling me He wanted me to be here.

### **What makes CLC Unique?**

- A special process of brokenness and mending you go through with the Lord while you are here.
- The hunger and push for the flow and guidance of the Spirit.
- Its academic focus on the Word of God and its dedication to raising ministers to rightfully divide the word of God so that the man of God may be perfect. One of the greatest treasures I walked away with was being able to open my Bible and rightfully dig out the treasures God has placed in His word with fear and trembling.

### **When did you graduate and what was your major?**

I graduated in 2022 with a Bachelor of Arts Degree in Bible and Theology.

### **What inspired you to pursue a degree in that field?**

Honestly, if I were going to Bible College, what other degree is there to do than Bible and Theology?

### **Can you describe your ministry today and how your training at CLC helped you to thrive in your profession?**

My ministry/job is being the children's Pastor at Christian Life Center. Christian Life College equipped me with a reverence for the ministry and it allowed me to glean from and watch men of God at work. It provided plenty of opportunities to put my hands to working in the ministry through Kingdom Kids (our children's ministry), the drama team, class senate, and other events.

of the rest. Grow not weary in doing well.

**What do you enjoy most about your work in ministry?**

I love my church and being able to serve not only adults but children also. It is the greatest privilege!

**What challenges do you face in your ministry?**

Oh Boy, I could list a million things! But, what it all comes down to is that I have to constantly be reminded "one man with God is the majority."

**Do you have advice for incoming freshmen or current students on navigating their college years and then transitioning to their ministry?**

- Seek first the Kingdom of God. Christian Life College is not a place where you build your kingdom, ministry, or name; rather, it is a place where God breaks you and shapes you for His Kingdom. Make it all about Him! He already makes everything about you.
- Keep your eyes on Jesus; He will put you in the eyes of the right people in His perfect timing.
- WORK: It should be normal to put in 25-35 hours a week at a job. God has called you here and has given you responsibility in the form of a school bill. He has blessed you with the strength of youth to work. Do your best in your job, strive for the favor of God, and your employer will take care

**What would be your advice for current students?**

- If you do not have a job, get one.
- Take advantage of the opportunity to serve and bless the church body. Remember, Christian Life College exists because of Christian Life Center.

**What impact would you like to make on the world?**

To guide, teach, and build up the children of the Lord through love and sound doctrine, allowing them to become dynamic Disciples of Christ.

-Sheila Wiley, Director of Alumni Relations
